1. Chapter 1

Rollan's pro

Omg this prank is going to be great, and its going to be right on the new kid. I don't really mean it to the new kid, but its a thing that I always do. Teachers have tired many years and the results are they failed. After the prank I get two hours of homework and have to clean up my prank. Also having to write a sorry note and tell them it was wrong for me to do that prank to them and I did not mean any harm. But its all worth it in the end, everyone laughs and that's all what matters to me. I Prank people and its always been my goal. Enough about my life, back to the awesome prank that i am going to get ready. My men are telling me when and where she is. Their names are secrets, but they agreed to help me as long as they do not get in trouble. I dress the up in suits with dark sunglasses, i mean who would not do that and who would notice them among the school kids. There has been one time they almost got caught but I saved them and they owe me. Anyway I been planning this prank since last week, spending my homework time building the prank, school for getting the items and testing them on my agents. We test them in a secret location. Anyway the word on the street is a new student is coming and I got all the details for the perfect prank. Also I sneaked into the office and gathered information. When will the school learn not to trust me all the time. I have the office people rap around my finger. Today was the day! this was the prank that was going to make the front page of the school paper and something I have not done yet. I can't tell you about it because then it will mess up the story.

''Flightfalcon to base come in base.'' Rollan said through the phone.

''Loud and clear, what going on bro.'' The voice said from inside phone.

''Stick to the code names Runningwolf.'' Rollan said looking at the wall.

''Sorry, Runningwolf here sir.'' Runningwolf said on his end of the call

''Has you or anyone spotted the new kid?'' Rollan asked looking at the prank,

''No, not on my end and I have not checked in with the others?'' Runningwolf said quickly.

''Why are they so late?'' Rollan muttered and then looked thinking ''running wolf check in ten.''

''running wolf out.'' Runningwolf said and then hang up and then looked around his end.

Rollan sat down and then pulled out his phone and called someone else ''Otter?''

''Otter here what the call?'' Otter said

''Have you seen this new kid?''Rollan asked.

''Sadly no, but Rollan I am bored.'' Otter complained looking at him.

''Otter, code names only.'' Rollan sighed louder then normal.

''It dose not matter, because everyone knows its you and you only.'' Otter said looking at him.

''Whatever, what about your girl?'' Rollan asked ''Has she found out anything.''

''She not my girl and i have not talked to her yet, we where going to study but we are helping you.'' Otter said.

''Well if it makes you feel better, pranks first and then chill time.'' Rollan said ''Keep an eye out.''

I stopped in the hall way, no one else was around and I was staring at a rubber chicken in the middle of the hall way looking right at me. I turned my head making sure no one was watching. I walked over to the chicken and then crouched down looking. What was a rubber chicken doing in the middle of the hallway?This of course could be a prank by someone, but then someone could have dropped the chicken. I sighed and then started heading to the door, my hand just barley touched the handle door when a voice behind me stopped me and I slowly turned around to see a brown hair boy looking at me. He was a little cute.

I called my friends and asked them, everyone said no. I sat down sighing to myself and what will happen when I do not prank this girl. I herd foot steps coming down the hall way and stopped. Her hair swing around in the air, she had a cute bow in her head. shining raven back hair tied up in a bun. Omg my heart was beating faster then ever before. I shook my head out of my daydreaming and then notice she was going to my prank. I panic and then step out of my hiding place and to the new girl. She did not hear me and was about to unleash the prank. I had to act fast the first thing that came out of my mouth was?

The foot steps stopped and then peeked around the hall, ''A teacher.''

Otter panic and then leaped up and dodge the teacher ''Everyone hide now, we been spotted.''

The teacher growled trying to grab him and then saw more kids leaping out of places and running.
